## Important Plan Information (May vary by state)

**Eligibility Requirements** – To qualify for Celtic Short-Term coverage, a primary applicant must be six months or over and under 64 1/2 years of age and must not be covered under any other health insurance plan. Applicant must be a United States citizen or a foreign resident who has been living in the United States. Dependents must be 6 weeks or older.

**Please Note:** Celtic’s Short-Term Health Plan is not renewable and is not designed to cover pre-existing conditions nor does it provide continuous coverage for subsequent plans. Any medical condition that began while the applicant was covered under a previous Celtic Short-Term Health Plan, will not be covered under a new plan. If your temporary need continues beyond your benefit period, you may apply for a new plan as long as no claims were incurred under a previous Celtic Short-Term Health Plan and there has been no significant change in your health.

**Pre-existing Conditions** – A pre-existing condition is a sickness or bodily injury for which an insured person received a diagnosis, medical advice, consultation, or treatment during the 12 months prior to the effective date, or for which an insured person had symptoms 12 months before the effective date which would cause an ordinarily prudent person to seek medical care or treatment.

**When Coverage Begins and Ends** – Your effective date will appear on the schedule page of your Certificate Booklet or Policy, provided that you are accepted for coverage, your premium has been paid and the check, credit card or bank draft is honored on the first presentation for payment.

Coverage ends when:

- your benefit period has ended;
- you fail to make the required premium payments.

**Celtic’s Health Care Certification (Pre-authorization) Program** – The Health Care Certification (Pre-authorization) Program promotes high-quality medical care, and can help you better understand and evaluate your treatment options. You need to contact the Celtic Health Care Certification (Pre-authorization) Program at 1-800-477-7870 to certify medical treatment.
